**REVISE POSTAL LAWS**

Preparing For the International Meeting For That Purpose.

RATES LIKELY TO BE REDUCED.

Whole World Embraced in the Congress Except China, Korea and Orange Free States—Proceedings Will Be in the French Language—Other Interesting Washington News.

WASHINGTON, April 10.—The post-office department has leased the old Corcoran art gallery building for use of the International Postal Congress, which is to assemble here on May 5. It is expected that the congress will be in session six or eight weeks. The entire building will be fitted and furnished expressly for the congress.

The union embraces the whole world, excepting the Chinese empire, Korea and the Orange Free States. These latter countries are expected to join the union during this congress. Each nation can send as many delegates as it desires to, but will have but one vote. The convention will be held with closed doors and the proceedings will be in the French language, according to the usual custom. The first topic of importance to be considered will be that of transit rates by intermediary countries on mails received from other countries.

It is likely that the result will be a general reduction of the rates, a circumstance which would be disadvantageous to the United States. President McKinley will entertain the congress at the white house and a number of excursions will be but only to places of historical interest, but for the purpose of studying various features of the postal system of this country and the various methods, devices and appliances in use.

The appropriation for the congress has not yet been made, but the pending sundry civil bill contains for this purpose \$100,000. The usual cost of these congresses is said to be about \$250,000.

**DINGLEY WILL**  
May Be Two Weeks Before the Senate Committee Will Report.

WASHINGTON, April 10.—The Republican senators who are acting as a subcommittee of the senate committee on finance in the preparation of the tariff bill are inclined, in their estimates now, to postpone the date of its presentation to the senate a little beyond the limit originally fixed by them. They express the opinion that it may be two weeks from the present time before it will be in shape to be reported. The committee is making satisfactory progress, having received final attention, among them being chemicals and cottons.

None of the most puzzling questions, however, have been disposed of. The committee has deemed it wisest to leave the rates on wool, sugar, hides, coal, lead ore, lumber and all the other important subjects until the simpler matters can be determined. They take the position that they can settle the disputed points more satisfactorily after the other features of the bill are thoroughly digested and the probable revenue determined. Many of the smaller items accordingly have been decided upon. The disposition of the committee is to make quite a general reduction, but this is found to be a task not easily accomplished owing to insistence of senators upon having the strongest protection for the articles in which they are particularly interested. There are, indeed, many demands for increases. The committee is finding itself considerably embarrassed between a desire to satisfy senators whose votes will be essential to the success of the bill and their conviction that the interests of the party demand reduction rather than increase.

**More Torpedo Boats.**  
WASHINGTON, April 10.—Proposals were invited yesterday by the secretary of the navy for the construction of three 30-knot torpedo boats. The boats must be completed within eighteen months from the date of contract. The bidders are left ample scope for original ideas, as the department prescribes in its circular only the barest outline of the crafts, for the construction of which congress has appropriated \$300,000.

**In Working Order.**  
WASHINGTON, April 10.—The machinery provided by the war department for the relief of the sufferers from the Mississippi river floods is now in working order, and Secretary Ager says the department is now in position to cover the entire flooded district with its force of inspectors.

WASHINGTON, April 10.—Indianans were appointed to postmasterhips in the following places yesterday: Lena, Park county, D. M. Newton; Morgantown, Morgan county, A. C. Payne; New Mayesville, Putnam county, L. E. Mills.

**President and Party.**  
ANNAPOLIS, Md., April 10.—The Dolphin, having aboard President McKinley and party, is anchored at the mouth of the Severn. President and Mrs. McKinley did not leave the despatch boat owing, it is thought, to the inclemency of the weather, but when the two crews of naval cadets were practicing the major expressed a wish that they should row past the Dolphin, which they of course did.

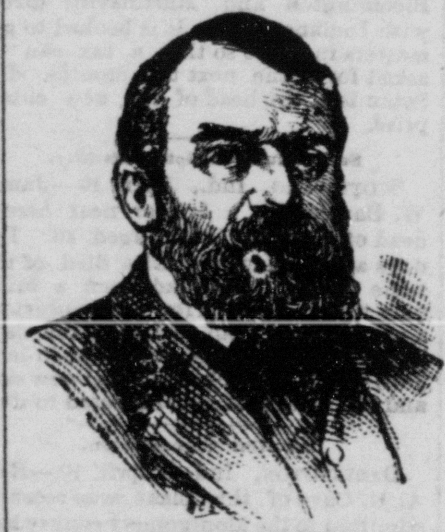

**Chinese Immigration.**  
OTTAWA, April 10.—In reply to a large deputation from the trades and labor congress of the Dominion which waited upon him yesterday, Premier Laurier said that he would not introduce this session a bill dealing with Chinese immigration.

**EVANGELIST MOODY.**

He Would Like Ingersoll's Views on One of His Sermons.

ST. LOUIS, April 10.—Dwight L. Moody was asked yesterday what he thought of Robert G. Ingersoll, who is billed to lecture here. "Why don't you ask me what I think of Corbett?" asked the evangelist, in a slightly nettled tone. "I never saw Ingersoll in my life. I don't know a thing about him."

DWIGHT L. MOODY.  
He does not interest me in the least. So he's going to lecture here on 'Truth is he?' continued Mr. Moody. "Well, that's what I have been preaching for 30 years. I preached it in my sermon on 'Sowing and Reaping.' That is the truth, and you cannot get away from it. You go to Ingersoll when he gets here and show him my sermon on 'Sowing and Reaping.' If he denies anything in it let me know. I'd just like to see what he'd say about it."

**LOOKING BRIGHTER.**

Hunter's Chances of Election Better Than They Have Ever Been.

FRANKFORT, Ky., April 10.—The return of Baldwin, one of the bolting Republicans to Hunter in yesterday's exciting senatorial ballot has served to raise the spirits of the Republican senatorial nominee; to more securely bind him to his followers; to determine that no new nominee shall take his place and to put every Hunter man to work as they have not worked before in weeks. With Hunter now lacking only two votes of an election, it is confidently claimed that Senator Stager, another Republican bolter, will return to him whenever his vote will elect, and that one other needed vote will be gotten somewhere no matter what pressure it takes to get it. Hunter's chances are brighter than they have ever been before.

**Mrs. Stanford Insures Her Life for the Benefit of the University.**  
SAN FRANCISCO, April 10.—Mrs. Stanford has signed the contract by which her life is insured for \$1,000,000. The policy, which is said to be the largest ever issued, was written by a New York company. By the terms of the contract Mrs. Stanford is to pay an annual premium of \$170,000, and upon her death \$1,000,000 will be paid by the company to the Leland Stanford, Jr., university. Should she live ten years and continue her annual payment of premiums the university will receive at her death \$2,000,000 instead of \$1,000,000.

**Wholly Impracticable.**  
DETROIT, April 10.—The important business feature of yesterday's session of the International association of Young Women's Christian associations was the report of the "adjustment committee" appointed two years ago to confer with a like committee from the Y. W. C. A. in regard to uniting the two bodies. The report says amalgamation of the two bodies is wholly impracticable.

**War May Yet Be Averted.**

LARSEN, May 10.—Much satisfaction is felt here that Russia has agreed to a plebiscite for Crete. Under the circumstances it is possible that war may be averted, for the Greeks are beginning to fear that they are not so well prepared to take the field as the Turks. The reports that the latter now have a formidable force at Ellassona with which they might invade Thessaly has caused considerable uneasiness in the Greek camp.

**General Fullerton's Body Found.**

WHEELING, W. Va., April 10.—The body of General Joseph S. Fullerton of St. Louis, who was killed in the railway accident near Oakland, Md., some weeks last, was found yesterday in the Yonahgohen river, eight miles below the bridge where the accident occurred. The body will be sent to Chillicothe, O. for burial.

**GREAT DESTITUTION**

People at Island 73 in Imminent Danger of Perishing.

SIX CHILDREN SWEEP AWAY.

Inhabitants Living on Houseboats, Rafts and All Manner of Floats—Condition Along the Main Body of the Mississippi River—Leaves Standing the Immense Strain.

LITTLE ROCK, Ark., April 10.—Governor Jones has received a letter from people at Island 73, White river, in which it is said that the people there are in imminent danger of perishing. The inhabitants are on houseboats or rafts and all manner of floats and are entirely without food. There are said to be 35 families around the island, and the letter states that unless they receive immediate succor they will certainly perish. One family near the island has just lost six children in the flood.

Another letter from C. B. Blackburn, inspector of Laconia levee district gives a graphic description of the sufferings of the victims of the flood in that district and urges the governor to help render them assistance. At Dawson's landing 125 people are destitute and in immediate need of food; 40 at Avenue, 50 or 70 at Ferguson landing, 150 at Minor Knowlton, 175 at Henrico and 200 at Laconia. The appeals were referred to the relief committee. Secretary Alger telegraphed Governor Jones asking for information as to where rations should be sent for distribution. The governor replied that the relief committee preferred money and asked that money be sent instead of rations.

**MISSISSIPPI RIVER.**

Condition in the Delta is Practically Unchanged.

MEMPHIS, Tenn., April 10.—Notwithstanding the high winds and heavy rain storm reported from the overflowed Mississippi delta the situation in the flood stricken section if not better, is certainly no worse. The water which has been pouring through five big crevasses for more than a week is rapidly flowing into the Mississippi again north of Vicksburg and is sweeping southward with terrible force. The strain on the Louisiana levees will be something terrific for a week and if they will stand the powerful pressure for that length of time all will be well.

The Sunflower river which traverses the counties of Coahoma, Bolivar and Sunflower, in Mississippi, is on a rampage. Two-thirds of the water from the Flower lake crevasse is rushing pell mell into this stream and a large area will be inundated from the overflow. The Tallahatchie and Coldwater rivers are gradually falling.

At Helena the river is slowly falling, and indications are that the big stream will continue to decline. The back waters below the Arkansas Midland levee are on a stand. The number of refugees are increasing at Helena all every hour. The steamer Maud arrived there last night with more than 100 flood sufferers, swelling the list already there to 3,000 people.

In the Bogie Phalia country much suffering is reported. Members of the Red Cross relief committee are visiting that section today distributing provisions to the needy.  
At Memphis the river continues to fall. The railroads, with one exception, are again open for business and in good shape and all trains are being run on schedule time. Many dispatches from Memphis have stated that the Iron Mountain was the only line entering the city from the west side. This is erroneous. The Cottonbelt railway has been open during the high water in Arkansas, dispatching its trains promptly and regularly. By raising the tracks in the vicinity of Bird's Point, opposite Cairo, the road has had an uninterrupted service to and from St. Louis.

**At New Orleans.**

NEW ORLEANS, April 10.—The Mississippi river at this point has not yet felt the full force of the present rise.

There is nothing in the world so pitiful as a neglected baby. There is no sight so sad as that of a helpless infant denied its birthright, a mother's loving care. Thousands of mothers neglect their children because of ill-health. No woman can properly perform a mother's duty who is constantly suffering from sickness, whose system is debilitated and weakened by the awful drains due to the diseases and weaknesses peculiar to women. The mother who suffers from the listlessness, lassitude and despondency due to these troubles is pretty sure to neglect her children and her home.  
This lamentable state of affairs is easily remedied if the proper measures are taken. Dr. Pierce's Favorite Prescription is an unfailing cure for all the many forms of weakness and disease of the organs distinctly feminine. It promptly stops all weakening drains, invigorates the various organs and infuses new life and vigor into the sufferer's whole body. A happy home and a tidy and well-cared for baby is the result, for no healthy woman will wilfully neglect her child. Many a woman is blamed for negligence and heartlessness when she is simply too ill to care for anything but death. If you want to know all about the "Favorite Prescription" address Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. It is sold by all druggists.  
Pitiful breath, dull eyes, listlessness, sallowness, a nice complexion to avoid as get rid of. All are due to constipation, and constipation is promptly cured by Dr. Pierce's Pleasant Pellets. They are not a temporary palliative, but a permanent cure. Many so-called constipation remedies must be continued forever, once the "cure" is permanent. They never gripe. Druggists sell them.

The river gauge stands at 17.5. Continued confidence seems to be felt in the stability of the levees here.

**Telegraphed His Sister For Money.**  
MARION, O., April 10.—Fred Bender, who suicided at Dayton with dynamite, telegraphed his sister here, Mrs. Oliver Heldman, for \$100, saying it would save him from the workhouse and a disgrace. She doubted the statement and did not send the money. The remains were buried here yesterday.

**Sailors Drowned.**

KEY WEST, Fla., April 10.—While lowering a boat yesterday from the United States cruiser Marblehead the davits broke and three sailors were thrown into the sea. Two of them drowned. Several cannon shots were fired in an attempt to bring the bodies to the surface.

**Tending Strictly to Their Own Business.**  
CHICAGO, April 10.—Michael Cudahy said last night in speaking of reports connecting him and his brother with the Standard and other oil companies that his firm was attending strictly to its own business.

**Seventeen Have Not Reported.**  
KNOXVILLE, Tenn., April 10.—Of the 52 guests who were sleeping in the Hotel Knox when the fire broke out only 37 have been accounted for. The hotel register was destroyed and it will perhaps never be known how many lives were lost. The total loss is \$1,611,000; total insurance, \$614,200.70.

**Notice of a Reduction.**  
BELLAIRE, O., April 10.—The 300 or more men living in this city who are employed in the Riverside Iron and Steel works opposite here, received notice yesterday of a reduction of 10 per cent and which has been refused.

**SURRENDERED TO INSURGENTS.**

**Major Sandoval on a Special Mission to the United States.**

HAVANA, April 10.—Major Sandoval of the staff of the captain general, is a passenger on board the steamer Olivette, which left this port late yesterday. A small detachment of Spanish troops stationed on the banks of the river Cauto was compelled on account of the scarcity of food and water, to retire upon Cauto. While so doing it was surrounded by a strong insurgent force in the highway and was compelled to surrender.

**Slept Her Life Away.**  
WALTON, Ky., April 10.—Mrs. Charles Edwards, widow of Dr. R. A. Edwards, is dead, aged 73 years. Mrs. Edwards was partially paralyzed a few years ago and for the last few days she slept all the time, even going to sleep while being fed. It was impossible to arouse her. The doctors attribute her death to softening of the brain.

**Property Consists of Office Furniture.**  
NEW YORK, April 10.—The sheriff has taken charge of all mail addressed to E. S. Dean & Co. and turned it over to the United States postal authorities. The property that can be levied on, as far as is known, consists principally of office furniture.

**Kentucky Singer Ill.**  
LOUISVILLE, April 10.—Miss Florence Lavine of this city is critically ill with pneumonia in the Saratoga (N. Y.) hospital. She is a leading singer in the Wilbur Opera company, now filling an engagement there, and has been ill since Monday.

**General Merritt in Command.**  
NEW YORK, April 10.—General Wesley Merritt, recently appointed to succeed General Ruger in command of the department of the east, arrived in this city last night. Merritt took command this morning, relieving General Ruger.

**Weather.**  
Indiana—Generally fair; slightly warmer.  
Illinois—Generally fair possibly light local showers in northern portion.  
Ohio—Generally fair, possibly local showers in northern portion.

**Charged With Embezzlement.**  
CHICAGO, April 10.—Warrants have been sworn out for the arrest of Charles W. Spalding, president; A. D. Averill, vice president, and C. E. Churchill, cashier of the Globe Savings bank, on the charge of embezzlement.

**Suspended the Coinage of Silver.**  
LIMA, Peru, April 10.—The Peruvian government has suspended the coinage of silver at the government mint and has issued a prohibition against the importation of silver coins after the 10th of May.

**SUTHERLIN CASE.**  
More Damaging Testimony—Accused Identified by Witnesses.

PLYMOUTH, Ind., April 10.—In the Sutherlin case yesterday Mrs. J. Hause testified to hearing shots fired near the school house at the time Fetters is supposed to have been killed. Alexander Hause testified that Sutherlin, next morning, had in his possession a revolver and blood on his clothing. He was asked if he had killed somebody, and replied no, that he had been skinning a mule and it took him all night to do it. Mary Etta Gill testified to finding a cap close by a pool of blood near the school house and that Sutherlin claimed the cap. A boy named Van Dahlen gave similar testimony and identified Sutherlin as the man he handed the cap, and who claimed it as his own.

**Will Exchange the Prisoners.**

INDIANAPOLIS, April 10.—The prison boards of control has decided to make the exchange of prisoners between the north and south prisons, as called for under the new reformatory law, notwithstanding Judge Hubbard of South Bend has declared the law unconstitutional. The board has decided they have no right to be governed by the opinion of a minor court. It is said the governor approved of the determination of the boards and will furnish a military guard with each train load.

**SPECIES OF LIZARD.**

Scaly Reptile Forced From a Child's Stomach.

ST. MARY, O., April 10.—A remarkable case in the medical profession was that of a 3-year-old child of 11 and Mrs. Charles Rooney, who has been suffering for some time past with an unknown ailment. In administering medicine for stomach disorder the child was relieved of a species of lizard. The reptile is still alive, is 3 1/2 inches in length, has four legs, is covered with scales, black in color and has green stripes down the back. It is believed that the animal must have darted into the child's mouth while asleep.

Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood. La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E. church, Buchanan, Ga. writes Dec. 10, 1895: "In childhood I was afflicted with excessive nervousness, which almost developed into St. Vitus dance. I partly recovered, but as I grew older the trouble grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent. Dr. Miles' Restorative Nervine and Nerve and Liver Pills under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nervousness free to all applicants. DR. The platform which fell with Mr. Bryan down in Florida was not a free silver platform so our friends need not lose courage.

The merchants who advertise judiciously sell the most goods. They let the people know about the bargains they have for them and thus benefit and solicit business.

The terrific explosion of whiskey at Indianapolis causing so great a loss of property does not speak well for the grade of liquor that is used in the capital city.

The special newspaper correspondents are on the Greek frontier ready for business, and judging from the latest reports they will all have some experience as war correspondents.

The stranger from the Pacific slope who talked to the local Bryan club Wednesday night, will talk at Columbus tonight where he has been since he left here. He seems to be on an electioneering tour for Mr. Bryan.

While Cleveland elected a republican Mayor by 2509 plurality, it gave the other republicans on the city ticket an average plurality of 8900. The democratic policy seems to be to raid the heads of tickets.

The vigilance of the non state college men is quite a disappointment to the state educational trust. The college men are merely asking for justice, but that is just what the representatives of the trust are opposed to and are therefore fighting.

MICHIGAN'S agricultural experiment station will hereafter pay a bounty of 10 a pound on all beet sugar raised in the state. The superintendent says: the beets will grow wherever the average summer temperature is about 70 degrees, and in any soil except swamp land and stiff clay.

The late Gentleman Jim Corbett is greatly disappointed because the newspapers have given him so much less notice on his trip east this time than formerly. He has begun to realize that he was knocked out of public notice to a great extent in his recent encounter at Carson City.

The man chosen to succeed Capt. Jno. K. Gowdy as chairman of state central committee should be a man acceptable to all the republicans in the state. He should not be chosen as a representative of any faction, but as the representative of the party. The man who can keep all the republicans of the state working together in the interests of the people is the proper man to select as chairman.

The Citizens street railroad company, of Indianapolis is fighting three cent fares as was anticipated. Before this bill was proposed the managers of this corporation talked about three cent fares and that they had in mind such a reduction. This talk was for effect as is now revealed. They do not mean to submit to a three cent fare unless compelled to do so. The company looks upon their franchise with uncertainty and may be expected to get out of the people of Indianapolis all they can while they have the opportunity.

"A Patron" writes to the Columbus Times criticising the public school teachers of our neighboring city for attending the teachers' association in session at Franklin, also criticises the school board for letting them go. Evidently "A Patron" is not a believer in professional spirit which most people believe adds greatly to the proficiency of the teacher. Neither does "A Patron" believe in educational progress as viewed by the most practical school men. Doubtless the children of this critic, being out of school, were somewhat in the way at home. What supreme interest some people take, or want others to take in their children!

HOBBS

Sparagus Kidney Pills.

Their Sale in Seymour and Vicinity Has Reached Enormous Dimensions.

Hundreds of Boxes Sold Yesterday.

Think of hundreds of boxes of Dr. Hobbs Sparagus Kidney Pills being sold in Seymour in a single day. And this of a medicine that was of little heard of in this vicinity a few weeks ago. No amount of advertising could produce such marvelous sales. Those who have used this remedy have received such benefit that they recommend it to their friends; that together with their open, frank and honest manner of its introduction, is the proper explanation of its success.

It is vitally important to good health that the kidneys should be in perfect order. Hundreds upon hundreds of the ailments that humanity suffers from originate from the fact that the human purifiers of the blood are not performing their work properly, and like anything else that is out of order, should be repaired.

If you are a sufferer from backache, rheumatism, gout, general muscular weakness, neuralgia, headache, nervous exhaustion and generally run down, go to your druggist's at once, and make the best investment you ever made in your life for 50 cents. Get a box of Dr. Hobbs Sparagus Kidney Pills from your druggist, and in a week's time you will have undergone a change for the better that will surprise you.

Greatly Benefitted After 14 Years Suffering.

A reporter called on Mr. E. Coon, of No. 320 Straight street, Grand Rapids, Mich., who in reply to his question told the following regarding Dr. Hobbs Sparagus Kidney Pills:

"I have suffered for fourteen years with kidney complaint and have been treated for rheumatism by a number of physicians; also taken a large quantity of patent medicines without improvement, in fact I got worse, getting so bad that I have been unable to leave the house for the past two years. I have had such dreadful pains across my back and in my right limb. I have been unable to bend my right knee. My hands and feet were swollen to twice their normal size and I was compelled to use support to move around. I began to take Dr. Hobbs Sparagus Kidney Pills six days ago and noticed a marked change at once, as you see, the swelling has disappeared from my hands and feet and the pain has left me entirely. I walked six blocks yesterday without much trouble, a thing I have not been able to do in two years. I believe now I will once again be a well man and can safely say that Dr. Hobbs Sparagus Kidney Pills are the only remedy that has ever given me satisfaction. I heartily recommend them to all who suffer as I have."

Successor to J. H. Andrews & Co. DRUGGIST AND APOTHECARY, Seymour, Indiana.

An unusually large number of farmers were in town today on business with Seymour people. They moved about briskly, giving the best sort of evidence that a busy season for them is at hand. The backward spring has thrown them behind in their work considerably.

Is resuming editorial work in Kansas, ex-Senator Peffer says he will continue to be a populist "along conservative lines." It is a surprise to most people to know that he will attempt to be a conservative populist. The country knows no such a populist now. He will be a new type of populism.

NOVELTIES.

Silver bibholders are among the novelties provided for children.

Very effective are the pierced silver candle shades when placed over a lining of bright hued silk.

Some of the newest belts are made of monkey skin, to match the new card-cases and purses in the same material.

A novelty designed to serve a twofold purpose and made in gold and silver is the combination matchbox and miniature case.

Lemon servers have been added to the furnishings of the 5 o'clock tea table. They are of silver and have bent double handles, with a fork at one end and a claw at the other.

While teaching a class of girls in a school recently, the master asked the following question:

"What was Noah supposed to be doing when the animals were going into the ark?"

He received several answers. At last a little girl put up her hand.

"Well," she said, "what do you say?"

"Taking the tickets, sir."—Buffalo Times.

TO IMPEACH BORST

Grand Jury Brings In a Bill to Remove Him From Office.

FOUND CONDUCTOR SEAR'S COAT

Father and Children Horribly Burned. Competition Between a Lawyer and a Preacher—Sorrowfully Afflicted Family. New Railway Project—Costly Litigation Over a Cow.

AUBURN, Ind., April 10.—The grand jury late yesterday filed a bill to impeach and remove Auditor Frank Borst from office. Borst is in the penitentiary on a plea of guilty to forgery and raising orders and his office is in charge of a deputy. The law under which he is indicted was passed during the last Indiana legislature and a law point will be raised that it does not cover this case, and a legal battle is expected. Ex-Surveyor J. Hook was also indicted, being charged with signing a fraudulent order. Hook is under three other indictments. Four ex-county officials have been sent to the penitentiary during this term of court and three more are under indictment.

CONDUCTOR SEAR'S COAT.

It Is Found on a Sandbar Near White River Torn to Shreds.

PRINCETON, Ind., April 10.—Henry Briner of Hazleton yesterday found Conductor Sear's uniform coat, his pocketbook and tickets. The coat was torn to shreds. The mystery is how the coat got separated from the body and torn so badly. It would seem to indicate the body was horribly mangled. The find was made on a sandbar near White river. It may be the bodies of the victims of the wreck are near the place where the coat was found.

New Railroad Project.

BLOOMINGTON, Ind., April 10.—Committees have been appointed and much interest is being manifested through them in a railroad project to connect Jasper, Rockport, Shoals, Bedford, Bloomington and Martinsville direct with Indianapolis. It is booked to get matters in shape so that a tax can be levied for it in the next two months. Dr. Sabin is at the head of the new enterprise.

Sorrowfully Afflicted Family.

SCOTTSBURG, Ind., April 10.—James W. Baxter, Jr., a farmer near here is dead of typhoid fever, aged 46. Ten days ago his daughter Etta died of the same disease. She had been a bride only three weeks. A few weeks previous a son, a young man died and a few days later death claimed his daughter-in-law. Two of the other children are now sick and the mother is not expected to live.

Peculiar Competition.

DARLINGTON, Ind., April 10.—Rev. A. N. Cave of this place was recently admitted to the Montgomery county bar, and afterward informed his friends he would tend to their legal business free of charge. Now Sam S. Martin the village attorney advertises that he will preach to any congregation desiring his services free of charge.

Father and Children Horribly Burned.

WEST FORK, Ind., April 10.—Mrs. John Gammon, living south of this city undertook to fill a lamp while it was burning. The oil ignited and was thrown upon Mr. Gammon, who was sitting near fondling their baby twins, all three being burned in a horrible manner. Mr. Gammon will live but it is doubtful if the babies recover.

Costly Litigation Over a Cow.

MIDLETOWN, Ind., April 10.—Litigation between Amos D. Ross and Hiram Tyra over a brindle cow worth \$25 has resulted in piling up court costs to the amount of \$300 and the end is not yet. The trouble originated over Tyra turning his cow into the highway and Ross, who is road supervisor, impounding her.

Drowned in the Tennessee River.

BLUFFTON, Ind., April 10.—News has just been received here that James McCullum, a former resident, his wife and four children had been drowned while boating on the Tennessee river. He lived somewhere near the Kentucky-Tennessee line, McCullum left Bluffton some time ago for the south, and his family followed a few weeks later.

Murderer Frantz's Case.

DAYTON, O., April 10.—Murderer Albert J. Frantz is to get a new trial, the judge of the common pleas court having signed the bill of exceptions. The case will be tried in the circuit court. Application for a stay of execution has been made to the supreme court. Frantz was sentenced to be electrocuted May 13.

Mines Running Full Time.

BELLAIRE, O., April 10.—At Dillonvale and Long Run, east of here, the two largest coal mines, were placed in operation yesterday. Over 800 men were given work. These mines have not been running in full for a year.

Rush County's Fat Man Dead.

RUSHVILLE, Ind., April 10.—Baxter Logan died late yesterday afternoon. He was the fattest man in Rush county, weighing 400 pounds and was 5 feet 6 inches tall. His skin will be 6 feet long 3 feet wide and 30 inches deep.

No Jury Yet.

MARION, Ind., April 10.—The fourth special venire has been ordered in the Baldwin bribery case. So far 110 men have been tested as to their qualifications as jurors and still there is no jury.

Was Not Guilty.

LEXINGTON, Ky., April 10.—A. S. Black who killed Michael Kelly in a saloon here goes free. After being out five minutes the jury returned a verdict of not guilty.

Library For Taylor University.

UPLAND, Ind., April 10.—Dr. Hobbs, the eminent Egyptologist, has installed his library, valued at \$4,000, in Taylor University here.

Stop dragging yourself with quack nostrums or cures. Get a well known pharmaceutical remedy that will do the work. Catarrh and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggist will supply 10c. Trial size or 50c. full size. We mail it.

ELY BROS., 56 Warren St. N. Y. City.

Rev. John Reid, Jr. of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

The farm recently purchased in Jennings county by Cudwith Able, of Jonesville, contained 160 acres, and cost him \$5,000.

The unoccupied farm residence of Paschel Carter at Flemmings was burned to the ground last night, supposed to be the work of tramp.

Some of our fruit growers were in the city today and having carefully examined the fruit buds find them all right. The sharp frost last night and the thin ice formed will do no harm.

E. A. Swain, who has been connected with the Band Saw Works here, leaves today for his home at Shelbyville. In the near future he will locate a new mill of which he will be the manager.

### New Albany Presbytery.

Next Tuesday evening the New Albany Presbytery will convene at the Presbyterian church in New Albany and be in session two days. The opening sermon will be preached by the Rev. Frank M. Tyrell, of Rebooth, Harrison county, the retiring moderator. The New Albany Presbytery comprises Crawford, Harrison, Floyd, Clark, Orange, Lawrence, Jackson, Jefferson, Jennings and Scott counties. The principal business to be transacted will be the hearing of reports and electing commissioners to the General Assembly that will meet at Winona, Ind., Thursday, May 20. It is expected that fifty ministers and elders, together with their wives, will be present.

Congressman Holman recently fell from a street car in Washington from the effects of which he is confined to his room.

Petersburg Gas Well.

The State Department of Geology has made an investigation of the gas well near Petersburg, Pike county, and has come to the conclusion that the gas comes from Devonshire shale, and is therefore not a lasting deposit. The discovery of gas in that locality led to considerable excitement, and the people of the "pocket" were dreaming of developing a new gas field.

### Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. ### River Rising.

Since yesterday the river has been rising rapidly and is now out over the low bottoms. Many farmers were put to some disadvantage in getting to town today, and some of these who live to the north of the river transacted business quickly and returned fearing that the roads in places would be impassable by late this evening.

Official denial has been made of a revolt against Spanish rule in Porto Rico.

The Poughkeepsie (N. Y.) glass works were completely destroyed by fire Friday.

Receipts of foreign wool at Boston this week will total 40,000 bales, a record breaking number.

The Pittsburg, Bessemer and Lake Erie railroad decided to issue \$10,000,000 worth of bonds, secured by mortgage.

The greater New York charter has been returned to the legislature with disapproval of Mayor Strong of New York city.

The body found in the Mississippi river last Thursday was identified Friday as that of Pauline Bauer, a telegraph operator, who disappeared last November.

The officials of the British office deny that a British squadron is going to Delgoa bay in order to take possession of Inyang Island as announced from Cape Town.

T. P. Stone, the absconding cashier of the bankrupt Sioux City (Ia.) Savings bank, agrees to make good his alleged defalcations if the indictments against him are dismissed.

### ROYAL HUNT TOMFOOLERY.

#### What It Costs to Maintain the Famous Sport.

A year or two ago, says the editor of London Truth, I took up the matter of the royal houndhunts, for I have always thought that anything with less of the redeeming feature of sport than to cart a tame deer to some spot, turn it out, hunt it with dogs, and, having hunted it down, put it back in its cart for another day's "sport" cannot well be considered a "sport." When I was engaged in this crusade, I received many letters assuring me that the deer like being pursued by dogs, although how the animals conveyed their singular idea of pleasure to the writers of the letters was not explained to me. Now that the bishops have joined the crusade, we may hope that the cruel tomfoolery of this royal hunt will soon cease.

The country pays the costs. The salary of the master of the houndhunts (£1,200 per annum) is always enjoyed by a nobleman, the occupant of the post changing with a change of ministers. Besides this there are salaries to huntsmen, whips and others, the purchase and keep of horses and hounds, etc. I should suppose that the total outlay must be about £3,000 per annum. This is defrayed, it is true, from the civil list. But when the amount needed to maintain the sovereign was investigated in order to arrive at the total necessary, this expenditure was included in the estimate.

It is suggested by the bishops that the quarry should cease to be deer and should henceforward be a red herring. But the idea, as an attribute of majesty, of the sovereign keeping a lot of dogs to run after a red herring is childish.

Report That He Will Be Tendered the Interstate Commerce Commissionership.

It is currently reported this morning that Capt. W. W. Peabody, vice-president and general manager of the B. & O. S. W. railroad, has been tendered the interstate commerce commissionership, to succeed chairman W. R. Morrison, of Illinois. A special to the Cincinnati Commercial Tribune confirms the report and says the position was offered to Capt. Peabody, about ten days ago by President McKinley. He was taken by surprise at the offer, and while at the time he said he was very much averse to leaving active railroad, in which he has been engaged all his life, he promised to take the matter under consideration, and give an answer after conference with his associates of the B. & O. S. W. and the parent road, the B. & O. It is believed at Washington that he will accept.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. ## Judge Voyles.

The Bloomington Telephone pays the following compliment to Judge Voyles who is holding court at Bloomington. "Judge Samuel B. Voyles, who is acting as regular judge here this week for Judge Martin, is a distinguished jurist of southern Indiana, having presided over the courts of Washington, Jackson and Orange counties during the last ten years. He is about 50 years of age and was a member of the 18th Indiana regiment, being orderly sergeant of company F, which was made up at Salem. He is a leading Democrat, was in the state senate prior to going to the bench and was a member of the commission that erected the soldier's monument at Indianapolis. He has a reputation as a jurist co-extensive with the limits of State."

## To Cure a Cold in One Day

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Mrs. Josephine R. Nichols, well known in the state and all over the country in temperance work, died Thursday night, at her home in Indianapolis. She had been a sufferer for several years and during the last year she has been compelled to almost give up the work she loved so well. It was not, however, until within the last few months that her illness became of such a nature as to confine her to her home. The funeral will occur today at 2 o'clock, at the family residence.

Here is a diamond, here a piece of charcoal. Both Carbon; yet between them stands the mightiest of magicians—Nature. The food on your table, and your own body; elementally the same; yet between the two stands digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merits—10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

## Dangers of the Grip.

The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for lagrippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

Forger W. H. Hendricks Arrested in Jamestown, N. Y.

JAMESTOWN, N. Y., April 10.—W. H. Hendricks was arrested yesterday while trying to negotiate the sale of forged drafts and certificates of deposit to the amount of \$1,000. Hendricks, who has many aliases, is wanted by the Pinkerton detective agency for forgeries on a large scale at Terre Haute, Ind., Jamestown, Wis., Marion, Ind., Fort Wayne, Bloomington, Ill., and Lima, O. His method of operation in the western cities where he has worked has been to secure small drafts and raise them to several hundred dollars. A satchel belonging to Hendricks has been found, containing raised checks, drafts and certificates of deposit amounting to \$50,000.

## BRADSTREETS.

Business Situation as a Whole Shows No Gain During the Past Week.

NEW YORK, April 10.—The business situation as a whole shows no gain. Staple lines are only fairly active. Overflows, washouts and floods continue to do great damage in the Mississippi and Missouri river valleys throughout a greater portion of which general trade remains practically at a standstill. Rainy weather extending from the central western to northwestern spring wheat states has rendered country roads almost impassable, with the natural effect upon business.

Pig iron, steel billets and cast iron pipe are lower in price; and the demand for steel and iron is not as heavy as it has been. Wheat has continued as disappointing as iron as to price, dropping nearly 4 cents a bushel. Prospective advances in wool tariff are behind another rise in prices of wool and woolsens, but cotton goods thus far fail to advance, because restricted production is meeting current demand. Nearly all staples, except those mentioned as having advanced, have declined.

## REDUCED RAILROAD RATES.

Attorneys Tell the Western Passenger Association It Can Grant Them.

CHICAGO, April 10.—The legal advisers of the Western roads have advised the committee that is now working on the new agreement of the Western Passenger association that there is nothing in the decision of the supreme court to prevent the roads from granting reduced rates whenever they choose. They base this assertion upon the supreme court decision which stated that the reasonableness or unreasonableness of the rates did not enter into consideration at all. There could not be any agreement which did not to a certain extent interfere with the freedom of action of all the roads parties to it. Just in proportion to the extent which it did so interfere with individual action it was a restriction of trade and therefore unlawful. Therefore, no agreement of any kind affecting competitive rates could be legally made. Now the railroad attorneys reason that any agreement that does not restrict the action of any of the roads is not unlawful and that it does not become unlawful until it does so restrict.

## NOW WITHOUT A RIVAL.

No Remedy to Compare With  
Paine's Celery Compound.

Read the Really Wonderful Experience of Rev. Dr. Bailey and His Good Wife, and the Indorsements of Other Eminent Divines.

Here is a letter from the pastor of the most influential church in South Baltimore, that every truth seeker should read carefully.

Every disheartened sick person and every man or woman who has lost faith in the remedies he or she has tried because none of them has done any good—every one who is sick ought to be cheered up and filled with new hope in determination by the letter written by Rev. William T. Bailey, pastor of the Curtis Bay Church, the most influential church in South Baltimore.

On March 31, 1896, the Baltimore Sun, under display headlines, published the following news of Rev. Mr. Bailey's affliction:

"Rev. Wm. T. Bailey, pastor of the Curtis Bay Baptist church, was paralyzed in the tongue while preaching Sunday night, and lost the power of speech. The congregation was at once dismissed, and Dr. — was called. He said Mr. Bailey was suffering from a severe attack of nervous prostration caused by hard study and overwork, and that he must have rest and quiet."

The whole city was shocked. The papers soon began to record an improvement.

On April 13, 1896, the following open letter was addressed to the proprietors of Paine's celery compound:

South Baltimore, Md., April 13, 1896.

Messrs. Wells, Richardson & Co., Gentlemen:—I was taken very ill while preaching Easter Sunday night. My doctor could not help me, so I discharged him and began to use Paine's celery compound with crushing effect. I will not hesitate to say that it is the best medicine in the world. I am; Fraternally, William T. Bailey.

Later in the year the proprietors of this wonderful remedy received still another letter from Dr. Bailey as follows:

Gentlemen:—I propose to do what I can to let people know of your Paine's celery compound, the medicine that has done me so much good. I shall in speaking of my rapid and great improvement from the pulpit, give as it is justly due, tribute to Paine's celery compound. I married, six years ago, Miss Lillie B. Dunnava, a lady well known in social life, the niece of Capt. Robert F. Lewis, U. S. navy. During the whole six years she has been an invalid, suffering from hysteria, laughing, crying and screaming, so that she could be heard for squares. I have had a great deal of trouble and expense. Eighteen doctors have, first and last attended her, and one bottle of Paine's celery compound has done her more good than all of the other medicine.

She and I are together using Paine's celery compound, and I will with pleasure let you know the result.

Fraternally,

William T. Bailey.

Baltimore, May 18, 1896.

Wells, Richardson & Co., Gentlemen:—It is impossible for me to express the emotions of my heart on the great good Mrs. Bailey and I have derived from the use of Paine's celery compound. I am a new man. We have taken together eight bottles, and I wish to continue its use. The people of my church are very kind to the poor and I have given to some of the poor money with which to purchase the medicine. You may use my name if you wish and I will with pleasure answer all communications sent me. I believe the remedy is the best in the world.

Yours very truly,  
William T. Bailey,  
Pastor Curtis Bay Baptist Church.

A few weeks ago there was published a testimonial of the great virtue of Paine's celery compound from Rev. Charles L. Thompson, D. D., LL. D., the eminent Presbyterian preacher of New York City. Rev. Dr. Meek, editor of the Central Methodist, recently wrote an open letter, telling that Paine's celery compound had worked a remarkable cure in his case. And last month the great temperance evangelist, Francis Murphy, told the public how Paine's celery compound had been a blessing in his family.

These are a few among thousands. Every one knows conscientious, charitable persons who are too busy, more often too procrastinating, to save their health from going to pieces, and find it easier to help others than themselves. Such persons fill up the army of broken down business men and sickly women. Every one in this spring time needs to purify the blood and regulate the nerves. Carry home today—not by and by—a bottle of Paine's celery compound. Cure nervousness, neuralgia, and rheumatism this spring. You can now put your health on a sound basis by means of Paine's celery compound.

Charity should now begin at home. Attend to your own health and that of your family.

Paine's celery compound is within the reach of every family where there is a member afflicted by any stomach, liver or kidney trouble. It cures permanently and rapidly.

It must be distinguished from all other remedies.

Noblesville, Ind., Sept. 5, 1896.

WRIGHT MEDICAL CO., Columbus, Ohio.

DEAR SIR:—I have purchased a box of Wright's Celery Capsules of E. S. Raymond, druggist, and used them for rheumatism. One box cured me completely; after having tried several doctors, and cannot speak too highly of them and what they have done for me.

Yours truly,

HENRY KEESLING.

"If only one magazine can be taken, we would suggest the *REVIEW OF REVIEWS*, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed, Indexes, chronological records, and other departments complete the certainty that the reader of the *Review of Reviews* will miss nothing of great significance that is said or written or done throughout the world.

**REVISE POSTAL LAWS**

Preparing For the International Meeting For That Purpose.

RATES LIKELY TO BE REDUCED.

Whole World Embraced in the Congress Except China, Corea and Orange Free States—Proceedings Will Be in the French Language—Other Interesting Washington News.

WASHINGTON, April 10.—The postoffice department has leased the old Corcoran art gallery building for use of the International Postal Congress, which is to assemble here on May 5. It is expected that the congress will be in session six or eight weeks. The entire building will be fitted and furnished expressly for the congress.

The union embraces the whole world, excepting the Chinese empire, Corea and the Orange Free States. These latter countries are expected to join the union during this congress. Each nation can send as many delegates as it desires to, but will have but one vote.

The convention will be held with closed doors and the proceedings will be in the French language, according to the usual custom. The first topic of importance to be considered will be that of transit rates by intermediary countries on mails received from other countries.

It is likely that the result will be a general reduction of the rates, a circumstance which would be disadvantageous to the United States. President McKinley will entertain the congress at the white house and a number of excursions will be made not only to places of historical interest, but for the purpose of studying various features of the postal system of this country and the various methods, devices and appliances in use.

The appropriation for the congress has not yet been made, but the pending sundry bill contains for this purpose \$100,000. The usual cost of these congresses is said to be about \$250,000.

**DINGLEY BILL**

May Be Two Weeks Before the Senate Committee Will Report.

WASHINGTON, April 10.—The Republican senators who are acting as a subcommittee of the senate committee on finance in the preparation of the tariff bill are inclined, in their estimates now, to postpone the date of its presentation to the senate a little beyond the limit originally fixed by them. They express the opinion that it may be two weeks from the present time before it will be in shape to be reported. The committee is making satisfactory progress with the bill, many of the schedules having received final attention, among them being chemicals and cottons.

None of the most puzzling questions, however, have been disposed of. The committee has deemed it wisest to leave the rates on wool, sugar, hides, coal, lead ore, lumber and all the other important subjects until the simpler matters can be determined. They take the position that they can settle the disputed points more satisfactorily after the other features of the bill are thoroughly digested and the probable result determined. Many of the smaller items accordingly have been decided upon. The disposition of the committee is to make quite a general reduction, but this is found to be a task not easily accomplished owing to insistence of senators upon having the strongest protection for the articles in which they are particularly interested. There are, indeed, many demands for increases. The committee is finding itself considerably embarrassed between a desire to satisfy senators whose votes will be essential to the success of the bill and their conviction that the interests of the party demand reduction rather than increase.

**More Torpedo Boats.**  
WASHINGTON, April 10.—Proposals were invited yesterday by the secretary of the navy for the construction of three 30-knot torpedo boats. The boats must be completed within eighteen months from the date of contract. The bidders are left ample scope for original ideas, as the department prescribes in its circular only the barest outline of the craft, for the construction of which congress has appropriated \$500,000.

**In Working Order.**  
WASHINGTON, April 10.—The machinery provided by the war department for the relief of the sufferers from the Mississippi river floods is now in

working order, and Secretary Alger says the department is now in position to force the entire flooded district with its force of inspectors.

**Indiana Postmasters.**  
WASHINGTON, April 10.—Indians were appointed to postmasterhips in the following places yesterday: Lena, Park county, D. M. Newton; Morgantown, Morgan county, A. C. Payne; New Mayaville, Putnam county, L. B. Mills.

**President and Party.**  
ANNAPOLIS, Md., April 10.—The Dolphin, having aboard President McKinley and party, is anchored at the mouth of the Severn. President and Mrs. McKinley did not leave the despatch boat owing, it is thought, to the inclemency of the weather, but when the two crews of naval cadets were practicing the major expressed a wish that they should row past the Dolphin, which they of course did.

**Chinese Immigration.**  
OTTAWA, April 10.—In reply to a large deputation from the trades and labor congress of the Dominion which waited upon him yesterday, Premier Laurier said that he would not introduce this session a bill dealing with Chinese immigration.

**Greek Blockade.**  
ATHENS, April 10.—The conviction still prevails here that the blockade of Greece will not be enforced, though some of the diplomats believe it will soon be an accomplished fact.

**EVANGELIST MOODY.**

He Would Like Ingersoll's Views on One of His Sermons.

St. Louis, April 10.—Dwight L. Moody was asked yesterday what he thought of Robert G. Ingersoll, who is billed to lecture here. "Why don't you ask me what I think of Corbett?" asked the evangelist, in a slightly nettled tone. "I never saw Ingersoll in my life. I don't know a thing about him."

DWIGHT L. MOODY.  
He does not interest me in the least. So he's going to lecture here on 'Truth' is he?" continued Mr. Moody. "Well, that's what I have been preaching for 30 years. I preached it in my sermon on 'Sowing and Reaping.' That is the truth, and you cannot get away from it. You go to Ingersoll when he gets here and tell him my sermon on 'Sowing and Reaping.' If he denies anything in it let me know. I'd just like to see what he'd say about it."

**LOOKING BRIGHTER.**

Hunter's Chances of Election Better Than They Have Ever Been.

FRANKFORT, Ky., April 10.—The return of Baldwin, one of the bolting Republicans to Hunter in yesterday's exciting senatorial ballot has served to raise the spirits of the Republican senatorial nominee; to more securely bind him to his followers; to determine that no new nominee shall take his place and to put every Hunter man to work as they have not worked before in weeks. With Hunter now lacking only two votes of an election, it is confidently claimed that Senator Stages, another Republican bolter, will return to him whenever his vote will elect, and that one other needed vote will be gotten somewhere no matter what pressure it takes to get it. Hunter's chances are brighter than they have ever been before.

**FOR ONE MILLION.**

Mrs. Stanford Insures Her Life for the Benefit of the University.

SAN FRANCISCO, April 10.—Mrs. Stanford has signed the contract by which her life is insured for \$1,000,000. The policy, which is said to be the largest ever issued, was written by a New York company. By the terms of the contract Mrs. Stanford is to pay an annual premium of \$170,000, and upon her death \$1,000,000 will be paid by the company to the Leland Stanford Jr. university. Should she live ten years and continue her annual payment of premiums the university will receive at her death \$2,000,000 instead of \$1,000,000.

**Wholly Impracticable.**

DETROIT, April 10.—The important business feature of yesterday's session of the International association of Young Women's Christian associations was the report of the 'adjustment committee' appointed two years ago to confer with a like committee from the Y. W. C. A. in regard to uniting the two bodies. The report says amalgamation of the two bodies is wholly impracticable.

**War May Yet Be Averted.**

LARSEN, April 10.—Much satisfaction is felt here that Russia has agreed to a plebiscite for Crete. Under the circumstances it is possible that war may be averted, for the Greeks are beginning to fear that they are not so well prepared to take the field as the Turks. The reports that the latter now have a formidable force at Ellassou with which they might invade Thessaly has caused considerable uneasiness in the Greek camp.

**General Fullerton's Body Found.**

WHEELING, W. Va., April 10.—The body of General Joseph S. Fullerton of St. Louis, who was killed in the railway accident on the Baltimore and Ohio road near Oakland, Md., some was found late yesterday in the Youghiogheny river, eight miles below the bridge where the accident occurred. The body will be sent to Chillicothe, O. for burial.

People at Island 73 in Imminent Danger of Perishing.

SIX CHILDREN SWEEP AWAY.

Inhabitants Living on House-tops, Rafts and All Manner of Floats—Condition Along the Main Body of the Mississippi River—Levees Standing the Immense Strain.

LITTLE ROCK, Ark., April 10.—Governor Jones has received a letter from people at Island 73, White river, in which it is said that the people there are in imminent danger of perishing. The inhabitants are on house-tops or rafts and all manner of floats and are entirely without food. There are said to be 35 families around the island, and the letter states that unless they receive immediate succor they will certainly perish. One family near the island has just lost six children in the flood.

Another letter from C. B. Blackburn, inspector of Laconia levee district gives a graphic description of the sufferings of the victims of the flood in that district and urges the governor to help render them assistance. At Dawson's landing 125 people are destitute and in immediate need of food; 40 at Avenue, 50 or 70 at Ferguson landing, 150 at Minor Knowlton, 175 at Henrico and 200 at Laconia. The appeals were referred to the relief committee. Secretary Alger telegraphed Governor Jones asking for information as to where rations should be sent for distribution. The governor replied that the relief committee preferred money and asked that money be sent instead of rations.

**MISSISSIPPI RIVER.**

Condition in the Delta is Practically Unchanged.

MEMPHIS, Tenn., April 10.—Notwithstanding the high winds and heavy rain storm reported from the overflowed Mississippi delta the situation in the flood stricken section if not better, is certainly no worse. The water which has been pouring through five big crevasses for more than a week is rapidly flowing into the Mississippi again north of Vicksburg and is sweeping southward with terrible force. The strain on the Louisiana levees will be something terrific for a week and if they will stand the powerful pressure for that length of time all will be well. The Sunflower river which traverses the counties of Coahoma, Bolivar and Sunflower, in Mississippi, is on a rampage. Two-thirds of the water from the Flower lake crevasse is rushing pell mell into this stream and a large area will be inundated from the overflow. The Tallahatchie and Coldwater rivers are gradually falling.

At Helena the river is slowly falling, and indications are that the big stream will continue to decline. The back waters below the Arkansas Midland levee are on a stand. The number of refugees are increasing at Helena almost every hour. The steamer Maud arrived there last night with more than 100 flood sufferers, swelling the list already there to 3,000 people.

In the Bogus Phalia country much suffering is reported. Members of the Rosedale relief committee are visiting that section today distributing provisions to the needy. At Memphis the river continues to fall. The railroads, with one exception, are again open for business and in good shape and all trains are being run on schedule time. Many dispatches from Memphis have stated that the Iron Mountain was the only line entering the city from the west side. This is erroneous. The Cottonbelt railway has been open during the high water in Arkansas, dispatching its trains promptly and regularly. By raising the tracks in the vicinity of Bird's Point, opposite Cairo, the road has been an uninterrupted service to and from St. Louis.

**At New Orleans.**  
NEW ORLEANS, April 10.—The Mississippi river at this point has not yet felt the full force of the present rise.

There is nothing in the world so pitiful as a neglected baby. There is no sight so sad as that of a helpless infant denied its birthright, a mother's loving care. Thousands of mothers neglect their children because of ill-health. No woman can properly perform a mother's duty who is constantly suffering from sickness, whose system is debilitated and wrecked by the awful drains due to the diseases and weaknesses peculiar to women. The mother who suffers from the listlessness, lassitude and despondency due to these troubles is pretty sure to neglect her children and her home.

This lamentable state of affairs is easily remedied if the proper measures are taken. Dr. Pierce's Favorite Prescription is an unfailing cure for all the many forms of weakness and disease of the organs distinctively feminine. It promptly stops all weakening drains, invigorates the various organs and infuses new life and vigor into the sufferer's whole body. A happy home and a tidy and well-cared for baby is the result, for no healthy woman will wilfully neglect her child. Many a woman is blamed for negligence and heartlessness when she is simply too ill to care for anything but death. If you want to know all about the "Favorite Prescription" address Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. It is sold by all druggists.

The river gauge stands at 17.8. Continued confidence seems to be felt in the stability of the levees here.

**Telegraphed His Sister For Money.**  
MARION, O., April 10.—Fred Bender, who suicided at Dayton with dynamite, telegraphed his sister here, Mrs. Oliver Heldman, for \$100, saying it would save him from the workhouse and disgrace. She doubted the statement and did not send the money. The remains were buried here yesterday.

**Sailors Drowned.**  
KEY WEST, Fla., April 10.—While lowering a boat yesterday from the United States cruiser Marblehead the davits broke and three sailors were thrown into the sea. Two of them drowned. Several cannon shots were fired in an attempt to bring the bodies to the surface.

**Tending Strictly to Their Own Business.**  
CHICAGO, April 10.—Michael Cudahy said last night in speaking of reports connecting him and his brother with the Standard and other oil companies that his firm was attending strictly to its own business.

**Seventeen Have Not Reported.**  
KNOXVILLE, Tenn., April 10.—Of the 62 guests who were sleeping in the Hotel Knox when the fire broke out only 37 have been accounted for. The hotel register was destroyed and it will perhaps never be known how many lives were lost. The total loss is \$1,611,000; total insurance, \$614,209.70.

**Notice of a Reduction.**  
BELLAIRE, O., April 10.—The 300 or more men living in this city who are employed in the Riverside Iron and Steel works opposite here, received notice yesterday of a reduction of 10 per cent and which has been refused.

**SURRENDERED TO INSURGENTS.**  
Major Sandoval on a Special Mission to the United States.

HAVANA, April 10.—Major Sandoval of the staff of the captain general, is a passenger on board the steamer Olivette, which left this port late yesterday. The major is on his way to Washington charged with a special mission. A small detachment of Spanish troops stationed on the banks of the river Cauto was compelled on account of the scarcity of food and water, to retire upon Cauto. While so doing it was surrounded by a strong insurgent force in the highway and was compelled to surrender.

**Sept Her Life Away.**  
WALTON, Ky., April 10.—Mrs. Charles Edwards, widow of Dr. R. A. Edwards, is dead, aged 73 years. Mrs. Edwards was partially paralyzed a few years ago and for the last few days she slept all the time, even going to sleep while being fed. It was impossible to arouse her. The doctors attribute her death to softening of the brain.

**Property Consists of Office Furniture.**  
NEW YORK, April 10.—The sheriff has taken charge of all mail addressed to E. S. Dean & Co. and turned it over to the United States postal authorities. The property that can be levied on, as far as is known, consists principally of office furniture.

**Kentucky Singer Ill.**  
LOUISVILLE, April 10.—Miss Florence Lavine of this city is critically ill with pneumonia in the Saratoga (N. Y.) hospital. She is a leading singer in the Wilbur Opera company, now filling an engagement there, and has been ill since Monday.

You think of Scott's Emulsion only for those who have consumption or who have inherited a tendency to it. Almost its greatest use is for those whose condition is so impaired as not to be able to get the good they should out of their ordinary food. In nearly every case with these, Scott's Emulsion of Cod-liver Oil brings back appetite, stimulates digestion, restores color and plumpness, and controls the diseases of thinness. The diseases of thinness are consumption and scrofula, poor blood—starved blood. The former comes of the latter. Book telling more about it free.

## POLITICAL BREVITIES.

Dr. Hunter was within two votes of the United States senate yesterday.

Editor Geo. W. Self, of Corydon, says he does not aspire to succeed John K. Gowdy as chairman of state central committee.

Congressman Holman recently fell from a street car in Washington from the effects of which he is confined to his room.

Petersburg Gas Well.

The State Department of Geology has made an investigation of the gas well near Petersburg, Pike county, and has come to the conclusion that the gas comes from a Devonian shale, and is therefore not a lasting deposit. The discovery of gas in that locality led to considerable excitement, and the people of the "pocket" were dreaming of developing a new gas field.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

# CAPT. W. W. PEABODY.

Report That He Will Be Tendered the Interstate Commerce Commissionership.

It is currently reported this morning that Capt. W. W. Peabody, vice-president and general manager of the B. & O. S. W. railroad, has been tendered the interstate commerce commissionership, to succeed chairman W. R. Morrison, of Illinois. A special to the Cincinnati Commercial Tribune confirms the report and says the position was offered to Capt. Peabody, about ten days ago by President McKinley. He was taken by surprise at the offer, and while at the time he said he was very much averse to leaving active railroad, in which he has been engaged all his life, he promised to take the matter under consideration, and give an answer after conference with his associates of the B. & O. S. W. and the parent road, the B. & O. It is believed at Washington that he will accept.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by C. W. Milhous.

Judge Voyles.  
The Bloomington Telephone pays the following compliment to Judge Voyles who is holding court at Bloomington. "Judge Samuel B. Voyles, who is acting as regular judge here this week for Judge Martin, is a distinguished jurist of southern Indiana, having presided over the courts of Washington, Jackson and Orange counties during the last ten years. He is about 50 years of age and was a member of the 18th Indiana regiment, being orderly sergeant of company F, which was made up at Salem. He is a leading Democrat, was in the state senate prior to going to the bench and was a member of the commission that erected the soldier's monument at Indianapolis. He has a reputation as a jurist co-extensive with the limits of State."

Mrs. Josephine R. Nichols, well known in the state and all over the country in temperance work, died Thursday night, at her home in Indianapolis. She had been a sufferer for several years and during the last year she has been compelled to almost give up the work she loved so well. It was not, however, until within the last few months that her illness became of such a nature as to confine her to her home. The funeral will occur today at 2 o'clock, at the family residence.

Here is a diamond, here a piece of charcoal. Both Carbon; yet between them stands the mightiest of magicians—Nature. The food on your table, and your own body, elementally the same; yet between the two stands digestion, the arbiter of growth or decline, life or death.

We cannot make a diamond; we cannot make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merits—10 cents.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

B. Danbar, and family.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillsburg Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, and find it an excellent medicine for colds, coughs and hoarseness." So does everyone who gives it a trial. Sold by C. W. Milhous.

Dangers of the Grip.  
The greatest danger from lagrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milhous, druggist.

### MUCH WANTED MAN.

Forger W. H. Hendricks Arrested in Jamestown, N. Y.  
JAMESTOWN, N. Y., April 10.—W. H. Hendricks was arrested yesterday while trying to negotiate the sale of forged drafts and certificates of deposit to the amount of \$1,000. Hendricks, who has many aliases, is wanted by the Pinkerton detective agency for forgeries on a large scale at Terre Haute, Ind., Janesville, Wis., Marion, Ind., Fort Wayne, Bloomington, Ill., and Lima, O. His method of operation in the western cities where he has worked has been to secure small drafts and raise them to several hundred dollars. A satchel belonging to Hendricks has been found, containing raised checks, drafts and certificates of deposit amounting to \$50,000.

### BRADSTREETS.

Business Situation as a Whole Shows No Gain During the Past Week.

NEW YORK, April 10.—The business situation as a whole shows no gain. Staple lines are only fairly active. Overflows, washouts and floods continue to do great damage in the Mississippi and Missouri river valleys throughout a greater portion of which general trade remains practically at a standstill. Rainy weather extending from the central western to northwestern spring wheat states has rendered country roads almost impassable, with the natural effect upon business.

Pig iron, steel billets and cast iron pipe are lower in price; and the demand for steel and iron is not as heavy as it has been. Wheat has continued as disappointing as iron as to price, dropping nearly 4 cents a bushel. Prospective advances in wool tariff are behind another rise in prices of wool and woolsens, but cotton goods thus far fail to advance, because restricted production is meeting current demand. Nearly all staples, except those mentioned as having advanced, have declined.

### REDUCED RAILROAD RATES.

Attorneys Tell the Western Passenger Association It Can Grant Them.

CHICAGO, April 10.—The legal advisers of the Western roads have advised the committee that is now working on the new agreement of the Western Passenger association that there is nothing in the decision of the supreme court to prevent the roads from granting reduced rates whenever they choose. They base this assertion upon the decision of the supreme court which stated that the reasonableness or unreasonableness of the rates did not enter into consideration at all. There could not be any agreement which did not to a certain extent interfere with the freedom of action of all the roads parties to it. Just in proportion to the extent which it did so interfere with individual action it was a restriction of trade and therefore unlawful. Therefore, no agreement of any kind affecting competitive rates could be legally made. Now the railroad attorneys reason that any agreement that does not restrict the action of any of the roads is not unlawful and that it does not become unlawful until it does so restrict.

### Friendly Representations.

ROME, April 10.—The newspaper Opinoine, discussing the subject of the American tariff, says that there is no question whatever that the protests of the governments of Italy, Germany and the Netherlands are "merely friendly representations."

# NOW WITHOUT A RIVAL.

No Remedy to Compare With  
Paine's Celery Compound.

Read the Really Wonderful Experience of Rev. Dr. Bailey and His Good Wife, and the Indorsements of Other Eminent Divines.

Here is a letter from the pastor of the most influential church in South Baltimore, that every truth seeker should read carefully.

Every disheartened sick person and every man or woman who has lost faith in the remedies he or she has tried because none of them has done any good—every one who is sick ought to be cheered up and filled with new hope and determination by the letter written by Rev. William T. Bailey, pastor of the Curtis Bay Church, the most influential church in South Baltimore.

On March 31, 1896, the Baltimore Sun, under display headlines, published the following news of Rev. Mr. Bailey's affliction:

"Rev. Wm. T. Bailey, pastor of the Curtis Bay Baptist church, was paralyzed in the tongue while preaching Sunday night, and lost the power of speech. The congregation was at once dismissed, and Dr. — was called. He said Mr. Bailey was suffering from a severe attack of nervous prostration caused by hard study and overwork, and that he must have rest and quiet."

The whole city was shocked. The papers soon began to record an improvement.

On April 13, 1896, the following open letter was addressed to the proprietors of Paine's celery compound:

South Baltimore, Md., April 13, 1896. Messrs. Wells, Richardson & Co.,

Gentlemen:—I was taken very ill while preaching Easter Sunday night. My doctor could not help me, so I discharged him and began to use Paine's celery compound with crushing effect. I will not hesitate to say that it is the best medicine in the world. I am,

Fraternally,  
William T. Bailey.

Later in the year the proprietors of this wonderful remedy received still another letter from Dr. Bailey as follows:

Gentlemen:—I propose to do what I can to let people know of your Paine's celery compound, the medicine that has done me so much good. I shall in speaking of my rapid and great improvement from the pulp, give as is justly due, tribute to Paine's celery compound. I married, six years ago, Miss Lillie B. Dunnivant, a lady well known in social life, the niece of Capt. Robert F. Lewis, U. S. navy. During the whole six years she has been an invalid, suffering from hysteria, laughing, crying and screaming, so that she could be heard for squares. I have had a great deal of trouble and expense. Eighteen doctors have, first and last attended her, and one bottle of Paine's celery compound has done her more good than all of the other medicine.

John R. McLean's  
Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### DANIEL W. VOORHEES.

In the death of Ex-Senator Voorhees Indiana democrats have lost their most conspicuous figure and the state one of its best known men. A prominent man not only in Indiana, but for a quarter of a century he has been prominent in national affairs. As a young man, early in the fifties he attracted much attention because of his superior oratorical ability. He rose rapidly as a criminal lawyer and at the age of thirty he was United States district attorney for Indiana. He was then one of the leading democratic politicians in the state and ever afterward commanded a large following. Probably not so able a man as Hendricks or McDonald, yet he wielded as much or more influence than either of them.

Since the death of Hendricks his political leadership in Indiana has been unchallenged. In congress he always attracted attention. Not a great statesman but an advocate of great power and a warm and attentive friend. He was too intense a partisan to be useful in the largest measure. Not infrequently was he on the wrong side of great questions because of his devotion to party.

Outside of politics he had many admiring friends. He was kindhearted, sympathetic and always generous. He was true to his friends and ever ready to make peace with his enemies. Though not altogether a "well balanced character" he possessed brilliant parts and many admirable qualities.

Interest in sugar beet culture in Indiana is increasing and can be made profitable judging from reports from various sections where it has been tried.

SENATOR ELKINS' recent statement to the effect that this nation pays \$100,000 a day in ocean freights to foreign ship owners is in itself a sufficient proof that America's merchant marine be built up at once.

The amount of money in circulation March 1, 1896, was \$1,528,742,057. March 1, 1897, the amount was \$1,686,994,953. This means that during the year the amount of money in the country was increased \$148,252,896. Add to this increase the increase in the treasury (\$7,510,640), and the money stock in country was increased \$155,763,536 during the year which ended March 1, 1897. Still some people are mourning over the supposed contraction of the currency.

Those Democrats who imagine that they see a reaction in the municipal elections of last week should carefully consider the results of the state elections in Michigan and Rhode Island for indications of reaction before they give themselves over to unbounded enthusiasm. The 40,000 republican plurality in Michigan and the 12,000 in the little state of Rhode Island would seem to be reactions in the wrong direction for democratic purposes.

The New York Sun says that "Mr. McKinley's selections for the more important diplomatic posts strike people generally as satisfactory." This is the verdict of all the democratic papers of the country of the higher class. It confirms what republicans who knew the President said about him before his election. His experience in politics, his large acquaintance with public men and his general poise and balance admirably fit him to perform all the requirements of his post to the satisfaction of the country. The party has reason to believe that Mr. McKinley will furnish an efficient, clean and popular administration.—St. Louis Globe-Democrat.

## CONTRACTS LET.

County Commissioners Awarded Contracts for Twelve Bridges.

TOTAL COST ABOUT \$7,000.

Joel H. Matlock Representing Wabash Bridge Company Gets the Big End of the Work.

The county commissioners have awarded the contract for the erection of twelve bridges in various parts of the county. Sixteen bridge companies filed their bids but only three were successful in securing any of the work.

The Brackett Bridge Company, of Cincinnati, Ohio was awarded the following bridges:

Indian Creek bridge.....\$1565 00  
Hough Creek bridge..... 445 00  
The Lafayette Bridge Company, of Lafayette, Ind., received the following: Hangman's Crossing bridge.....\$380 00  
Medora bridge..... 190 00  
Medora bridge..... 210 00  
Crane's bayou bridge..... 1091 00  
The Wabash Bridge Company of Wabash, Ind., received the contract for:

Empson bridge.....\$438 00  
Pond Creek bridge..... 391 00  
Ratlift ditch bridge..... 268 00  
Rockford bridge..... 440 00  
Kelley school bridge..... 441 00  
Bayou bridge..... 396 00

The stone work for the bridges to be built in the county was awarded to Leudtke & Fillion for \$4.30 per cubic yard. There were only two bids for the substructure.

The contract for the replacing and repairing the Maumee, Millport and Guthrie Creek bridge that was wrecked by the recent flood was awarded to the Lafayette Bridge Company for \$665.

COMMISSIONER'S COURT NOTES.  
On last Thursday the board of commissioners made an order enforcing the creek law in every township in Jackson county, after April 10, 1897. Therefore stock must be kept up from now on.

The report of the engineer and viewers on the Owen township gravel roads was approved and the election ordered for the 28th day of May 1897.

The viewers on the Grassy ditch in Vernon township were ordered to meet at the auditors' office on the 20th day April and make their final report. Jas. W. Wayman, as engineer, and John Mahan and Robert M. Wilson were appointed by the commissioners to locate and view the proposed gravel road in Brownstown township.

The powers have fallen out and the concert is ruined the blame is laid on little Greece.

England has eighty warships sauntering around in the eastern end of the Mediterranean sea to look after her interests in the Cretan trouble. England means to be in at the divisions of spoils.

The main question as to the Mississippi flood now is concerning its duration. The river is stationary at Memphis and Cairo, and is rising above. All the lowlands adjacent to the five crevasses are inundated and the main body of water is now coming back into the main channel above Vicksburg. The situation at Helena is improving, owing to the fall of the waters there.

Dr. L. L. Whitesides passed through here this morning on his way to his home in Franklin with his brother, Eb. Whitesides, who has been quite sick at Shoals the past six weeks. The sick man was transferred from one depot to the other on a cot.

## DISEASES OF TRADES.

RESULTS OF CONTINUED OCCUPATION OF MEN WHO WORK.

It Appears That Each Kind of Employment Has Its Peculiar Ailment—Both Physical and Mental Workers Fall Under the Rule—Politicians Die Early.

It is well known that there are a number of dangerous trades which give rise to serious diseases; but, as a matter of fact, almost every occupation has some ailment peculiar to itself. A doctor can always tell if his patient is a baker, for instance, by the state of his teeth. The flour dust collects on the teeth, becomes acid and gives rise to a special kind of decay. Bakers, owing to their irregular life, sleeping in the day and working at night, and because of the hot air and dust, are great victims to consumption. Blacksmiths, strong as they are, are very often suffer from paralysis of the whole right side from the continuous shock of hammering, and their eyes become weak from the glare of the fire. Athletes, strange to say, do not, as a rule, enjoy long life. Professional boxers, wrestlers, gymnasts, cyclists, are short lived and suffer from enlargement of the heart and diseases of the lungs. Boilermakers get deaf from the continual loud noise. Brewers and brewers' drivers drink beer in such large quantities that they ruin their livers and generally die young. Bricklayers and plasterers are very healthy, and they are said to resemble asses in never dying. Butchers are very strong and healthy, but they suffer in health through eating little pieces of raw meat. Cabmen are noted for "nipping," and they endure the natural consequences. The cold also affects their faces to such a degree that the muscles of the face become frequently paralyzed.

Carpenters and cabinet makers are afflicted with varicose veins in the legs, and the action of the shoulder in sawing and planing produces a diseased condition of the large artery that runs from the heart to the arm, so that there is not a carpenter living, a doctor says, in whom a curious noise may not be heard by applying the ear to that blood vessel. Hardly a single chain scower lives to old age without becoming asthmatic. Clergymen's sore throat is of course well known. It is said by some to result from having the mouth open so frequently, the air going in that way and drying the throat. Others say it is caused by the clerical collar. And others still say it results from the fact that the clergyman preaches from a pulpit and has to bend his head downward—for barbers, who talk quite as much, do not suffer as much as clergymen, being on the same level as their hearers.

Miners, from working in the dark, become very irritable. Their eyes get weak, and their lungs become quite black—miners' lung. Cooks, particularly male cooks working in hotels, clubs and restaurants, get gout from continually tasting rich food, and both male and female cooks get varicose veins and flat feet from long standing as well as the well known ache of the face from the heat and dirt. Coopers have a lump on the knee, which is really a little bag of fluid put there by nature to protect the knee from the injurious effects of pressing it against the barrel. Divers' hearts become distended from holding their breath.

Domestic servants are remarkable for suffering from typhoid fever. House-maiders are frequently afflicted with poverty of blood from drinking tea and running up stairs. Dressmakers' long hours and confinement result in consumption very often, but more often in indigestion, poverty of blood and impaired eyesight. The fumes of nitric acid make goldsmiths' eyes sore, and they get cramps in their fingers from catching small screws. Nearly all the human beings who suffer from that awful disease, glanders, are grooms.

India rubber workers have very bad headaches and great mental depression. Painters are poisoned by the lead they use so much, and all their muscles, but especially their wrist muscles, become very weak. Photographers get poisoned by cyanide of potassium. The dust that enters the lungs of potters when they are sifting clay interferes so much with their breathing that "potter's asthma" is a well known disease. Compositors get cracks and fissures in the lips and small tumors in their mouths from the habit of putting type in the month, and consumption attacks them frequently because of the stooping posture and the confined, sedentary life. Politicians are greatest sufferers of all, the constant dram drinking giving them indigestion, jaundice and nervous diseases, killing them at an earlier age than members of any other profession. Sailors, very singularly, suffer greatly from consumption, owing to the cold and damp and the bad air of the forecastle. Salesmen and saleswomen in shops do a lot of standing, which gives them varicose veins and pains in the feet. Cloth scorers, who inhale benzine and turpentine, suffer from headache, lassitude and nervousness. Shoemakers get their chest pressed in by the last, lose their appetite and strength and have headaches. Stonecutters' eyes are often injured by the flying stone.

Tea tasters, although they only take the tea into the month and do not swallow it, become so nervous that they can follow their employment for only a period of eight to ten years. The sedentary life of lawyers, artists, students and literary men gives rise to gout, which is said to kill more wise men than fools; dyspepsia, which made Carlyle's life such a torture, and apoplexy, which carries off hosts of great men.—Fall Mall Gazette.

## WILL BE TRIED AGAIN

Jury in the Wells Murder Case at Paoli Disagree.

TOBACCO RAISERS THREATENED.

Boy Burned to Death in a Field—Strike of Grinders in an Ax Factory—Arrested for Sending Obscene Letters—Accidental Shooting—Ate Wild Parsnips. New Postmaster at Anderson.

PAOLI, Ind., April 12.—The jury in the case of Harry Wells charged with murdering William J. Johnson at a Republican rally in this city, Oct. 31, 1896, were discharged late Saturday after being out 36 hours. Wells and Johnson got into a dispute over a Bryan badge which the former was wearing as a banter from a young woman. Johnson took offense at it and ordered Wells to remove it or he would knife him. Wells struck Johnson with his fist, it is claimed, on the left temple, knocking him down. Johnson was removed to his house and the next day died. Johnson was a veteran and Wells the son of a veteran. The jury stood eight for conviction to four for acquittal.

STRANGE OCCURRENCE.

Body of a Boy Found Burned to Death in a Field.  
BLUFETON, Ind., April 12.—The 8-year-old son of Rev. Barley, a Dunkard preacher, east of this city, has been found dead in a field with every stitch of clothing burned off him. How the boy caught fire is a mystery, there was no fire in the field.

Removing the Prisoners.

JEFFERSONVILLE, Ind., April 12.—A trainload of convicts, 378 in number, left Jeffersonville for Michigan City about 9 o'clock this morning. A train about left Michigan City for this place. The trains will pass about 45 miles north of Indianapolis. Of the prisoners 810 are under 30 years of age, 30 are incorrigibles and 38 United States prisoners.

Strike in an Ax Factory.

ALEXANDRIA, Ind., April 12.—A strike of grinders in the Kelley ax factory has caused the shutting down of the plant. The men objected to an inspector in their department whom they regarded as too critical. The factory is non-union but the grinders have an organization of their own which will enable them to hold out for some time.

Another Gate Raided.

BERRY, Ky., April 12.—Raiders visited the tollgate and house of Thompson Moore, one mile west of Berry. Both poles were cut down and the house partly upset. The night before the gates west of Columbus were visited and destroyed. A number of arrests are expected, as there is direct evidence against some of the parties.

Accidental Shooting.

CRAWFORDSVILLE, Ind., April 12.—Mrs. William Huffmire, a widow, near Bluff Mills, attempted to jerk a rifle away from her 17-year-old son, when it was discharged, the ball passing into his knee and up into his body. The boy will probably die, and the mother is crazed with grief.

Offer Was Accepted.

COLUMBUS, O., April 12.—President E. B. Thomas, of the Erie Railway company, has communicated with Governor Bushnell, offering to carry 1,000 members of the Ohio militia to New York city to take part in the dedication of the Grant monument. The offer was promptly accepted.

Tax Lien Law.

JEFFERSONVILLE, Ind., April 12.—It has been discovered that the late legislature discovered an act repealing sections 217, 218 and 219 of the acts of 1891, providing for the filing of tax liens by prosecuting attorneys. This means the loss of thousands of dollars to the counties.

Tobacco Raisers' Threatened.

OWENTOWN, Ky., April 12.—Ten or a dozen farmers in the Popular Grove neighborhood have been warned by notices tacked on their barns not to set out any tobacco plants this season. Should they not heed this warning, and raise any tobacco, the burning of their barns is threatened.

Run Over by a Coal Wagon.

EVANSVILLE, Ind., April 12.—Ed Davis, aged 26, died Saturday night from the effects of wounds received by being run over by a loaded coal wagon. He fell from the front seat and the wheels passed over his breast and left side.

Southern Indiana Teachers.

FRANKLIN, Ind., April 12.—The convention of the Southern Indiana Teachers' association Saturday elected officers and adjourned. P. P. Stultz of Jeffersonville was elected president, and Miss Janie Deming, Shelbyville, secretary.

Sent Obscene Letters.

COLLEGE CORNER, Ind., April 12.—Late Shepherd, a married man, has been arrested on a charge of writing obscene letters to Miss Bertha Stout, a young lady of good character and belonging to a well known family.

New Postmaster.

ANDERSON, Ind., April 12.—The post-office here was turned over to the Republicans Saturday night, Mr. A. C. Small assuming charge and Mr. Critteberger retiring.

Eat Wild Parsnips.

ENGLISH, Ind., April 12.—William Hughes, a farmer, and two sons lie dead at their home, west of this place, from eating wild parsnips. Mrs. Hughes is not expected to live.

Jury Secured.

MARION, Ind., April 12.—The fourth venire proved sufficient to secure a jury in the second trial of Attorney S. D. Baldwin for bribery. The oral testimony began this morning.

## STILL GOES ON.

Fight For the Senatorship in Kentucky Becoming Warmer.

FRANKFORT, Ky., April 12.—Yesterday was a day of excitement in legislative circles on account of the charges of bribery made in the senatorial contest Saturday. Hunter's managers said last night that the next few days will lay bare a plot to ruin him and that high and low politicians will go up in the explosion.

The story of Gaines is almost universally discredited here. It is believed by some that Gaines had several meetings with Wilson and Franks, but sentiment is divided as to their motives. Gaines' friends admit he has exploited himself unenviably.

Dr. Hunter said last night: "I am not ready yet to say what my plans are in regard to exposing the dangerous and unfounded assault on me. The matter, however, is full of unpleasant sensations yet to come for some people. As to Gaines, I say, as I have to meet an immaculate God, I never saw him in my life and was never in his house."

A conservative man on the Blackburn side said last night: "The only effect of the bribery story would be to solidify the Hunter forces. What we have to fear now is that the gold Democrats will think it a part of a scheme of the Blackburn people to prevent an election and that they will indirectly aid Hunter to make a quorum."

Colorado Tragedy.

CRIPPLE CREEK, Col., April 12.—A shooting affray occurred yesterday at McElroy's hall, Altman, Col., in which Jack Cox instantly killed Bob Daly and wounded Harry Miner and Sam Loshey, and was then shot fatally.

Young Women's Christian Association.

DETROIT, April 12.—Twenty-four of the leading workers in the Young Women's Christian association made addresses at the services held in various churches yesterday.

NEWS IN BRIEF.

Captain Henry Michael Jones, British minister to Peru, has left for England. The Progressive Democratic League of New York has perfected an organization. A clean sweep is being made of the faculty of the Kansas Agricultural college by the regents of that institution.

General Sanguilly, at Charlotte, N. C., Sunday, said he did not believe Cuba meant much to the McKinley administration.

Colonel W. S. Webb announces that he will not go to Europe on the Vanderbilt yacht. He also denies that his yacht is for sale.

Suit has been brought against the Co-operative Town company of Elizabeth, Tenn., asking for a receiver. The company's indebtedness is \$1,000,000. John H. Alkinson, aged 17, son of Governor Atkinson of Georgia, and Miss Ada Byrd, aged 15, were married yesterday with the consent of all concerned.

DONT.

The United States postal department has sent Postmaster Price quite a bunch of circulars reading as follows:

"Don't mail your letter for valuable package without having your own address written or printed upon the upper left hand corner.

"This will insure its return to you if not delivered, and will prevent its being sent to and opened at the Dead Letter office."

THE REPUBLICAN will furnish you envelopes with your return notice printed on them cheaper than you buy the envelopes in small quantities. Call at the office and see samples.

## ASKING QUESTIONS.

It Is a Woman's Prerogative, and She Uses It.

Timely Questions and Prompt Answers Have Resulted in Great Satisfaction to Many Women.

Sensitive women hate to ask their physicians those delicate questions that only a woman understands, and therefore write to Mrs. Pinkham, at Lynn, Mass., as she has ever proved their most accurate adviser, and knowing that their letters will be read and answered by one of their own sex. Thousands of such letters have been received within a few months from those afflicted with the various forms of female disease, and it is needless to say the answers have brought comfort and relief.

That sense of dragging in the groin, dull pains in small of back, retention, suppression of menses, bearing-down pains, headache, nervousness, blues, etc., are symptoms that require prompt measures.

The cure is, in most cases, rapid. Lydia E. Pinkham's Vegetable Compound should be promptly taken, and Mrs. Pinkham will furnish any advice required, free. Following is another letter of thanks—

"Please accept my thanks for the little book which you have sent me. It has opened my eyes, and told me that there is a remedy for suffering women. There is no need for women to suffer, if they will only take Lydia E. Pinkham's Vegetable Compound. I suffered for years with painful menstruation, thinking there was no remedy for it; but after reading your little pamphlet, I thought I would give your medicine a trial, and it is wonderful how quickly it relieved me. I recommend it for all women who suffer with painful menstruation."—Mrs. GEORGE NEHRBOSS, Crittendon, Erie Co., N. Y.
